

## Academic Dismissal

Undergraduate students who fail to maintain satisfactory academic progress and are placed on academic suspension or dismissal may submit an appeal to this committee citing any special or mitigating circumstances they believe should be considered. The committee conducts formal hearings and makes recommendations subject to the approval of the Provost and Chancellor. The committee has jurisdiction over academic suspension and dismissal appeals made in the College and all Schools of the University other than those on the Medical Center campus. It does not hear appeals associated with academic discipline. Faculty representatives on this committee will serve a five-year term.

### \*Membership\*
