Registered Student Organization Events  
DSA.DS.400.003

The University of Mississippi seeks to support students with the hosting of events that are complimentary to the Registered Student Organization (RSO) mission as well as the mission of the University. Additionally, it is a goal of the Office of the Dean of Students and the Student Organization Advisory Committee to provide the resources needed to implement a safe event. Therefore, it is important that events are properly registered through the Office of the Dean of Students. In addition, the sponsoring student organization may have to work with the appropriate University agencies, such as the University Police Department, Fire Protection Services, Ole Miss Student Union, Physical Plant, Landscape Services, and any other relevant department in the execution of the event and follow all other policies of the University.

RSOs are expected to follow the guidelines presented in this policy and in other stated University policies. Violations of these regulations may result in sanctions or discipline through the University Conduct System or other appropriate governing body.
