

## **Garbage Disposal for Apartment Residents**

**Summary/Purpose:** This policy describes the procedures for garbage disposal at the Village and Northgate apartment complexes.

All garbage should be placed in plastic bags, tie securely, and place inside the dumpster. Garbage should not be set on porches, sidewalks, or beside the dumpster even temporarily. If the dumpster is full, residents should use a different one. Garbage left outside of the containers invites roaches, rodents, and other animals. Residents are responsible for keeping the grounds clean by making sure that all trash is placed in the dumpster and trash around the apartment is picked up. If garbage is found in unauthorized places and the responsible resident is identified, that resident will be subject to fines and judicial action.
